**SUBSTANCE OF INTERVIEW DESCRIBING THE GENERAL NATURE OF WHAT WAS DISCUSSED:**

*Since applicants' representative referred to the European reference by paragraph number, the examiner checked to make sure that we were working from the same translation. The translation referred to by applicants' representative was a machine translation of the description of the invention supplied by the examiner. Since a copy has not been scanned into the file, the examiner is including a copy with this office action and citing the translation on an 892 so that the translation is made of record.*
